### ***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance: The prior art of record taken alone and in combination does not disclose "a resonant unit including an active element having a front surface facing in a forward direction and having a rear surface facing in a rearward direction, said active element being operative to generate ultrasonic vibrations in response to an applied signal, said resonant unit including a liquid disposed to the rear of said active element, said resonant unit being resonant at an ultrasonic frequency and adapted to emit ultrasonic vibrations at said ultrasonic frequency principally in said forward direction" as recited in claim 1. These limitations are neither taught nor made obvious by the prior art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jacques M Saint-Surin whose telephone number is (571) 272-2206. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron Williams can be reached on (703) 305-4705. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
